We, the undersigned faculty, recognize that UCSC’s graduate students are a vital part of the campus’s ability to teach, learn, conduct research, and serve the public. The faculty would not be able to carry out our jobs without them. But their monthly wages—like the wages of the staff—are not adequate to live in Santa Cruz; they are severely “rent-burdened,” which leads to a cascade of other issues such as housing and food insecurity. The situation is untenable. We ask the administration to address the high cost of living in Santa Cruz for graduate students, allowing them to pursue their studies and to carry out their jobs.
